EDUCATION

New York University, Leonard N. Stern School of Business — **New York, NY**

B.S. in Business, Technology, and Entrepreneurship | Minors: Math & Computer Science, Interactive Media Arts — *Expected Dec 2027*

- **GPA:** 3.8/4.0 | **Award:** Dean's List | **Program:** BTE Freshman Liaison Program, BTE Venture Studio, BAP Consulting Workshop
- **Relevant Coursework:** Financial Accounting, Information Technology, Microeconomics, Statistics, Computer Science, Finance

PROFESSIONAL EXPERIENCE

Mission 001 – Autonomous Spacecraft Inspection Robot — **New York, NY**

Creator and Developer — *Sep 2026 - Present*

- Building a Python and MuJoCo physics simulation of a free-flying 6-DOF robot that autonomously inspects a spacecraft in orbit
- Architecting a 5-module autonomy stack spanning perception, anomaly detection, planning, failure recovery, and mission evaluation

Livegage — **New York, NY**

Business Analyst Intern — *Jun 2026 - Aug 2026*

- Engineered a mortgage cashflow engine modeling loan paydown, prepayment, defaults, valuation, and waterfalls across 100+ scenarios
- Scoped, created, and shipped an end-to-end credit enhancement model, calibrated against 50 real-world deals and deployed as a service
- Integrated both models into Livegage's INSAITS platform and built 2-year ARR, pricing, and margin forecasts with Capital Markets

CoreWeave — **New York, NY**

Product Management Intern — *Jan 2026 - May 2026*

- Conducted 20 customer interviews across 4 AI-native verticals, identifying needs and defining ICPs to prioritize GTM opportunities
- Partnered with Solution Architects and PMM to design 5 workflows integrating ML tooling into CoreWeave's Kubernetes ecosystem
- Authored PR/FAQ for a two-sided AI infrastructure marketplace, mapping 30 partners and 10 enterprise use cases to drive adoption

Dreamweaver | NYU Creative Computing — **New York, NY**

Designer and Developer — *Aug 2025 - Dec 2025*

- Coded a hand-tracking interactive story in p5.js and ml5.js, guiding users through 5 dreamlike scenes without a mouse or keyboard
- Built 4 gesture controls (pinch, raised hand, open palm, fist) that gather memory fragments and drive a 2-path branching story ending
- Layered 1,500-particle effects, 7 video clips, and 5 audio tracks into scene transitions; 25 people played it live at a public showcase

Ernst & Young — **Mumbai, India**

Summer Intern – Operational and Financial Restructuring Group — *Jun 2025 - Jul 2025*

- Built a Python automation tool pulling financial data for any PrivateCircle company from Excel inputs, cutting research time by 70%
- Condensed insolvency resolution plans and ran IBC compliance checks, preparing 3 presentations for the Committee of Creditors
- Assessed SevenHills Hospital's restructuring on 2 valuation bases (fair and liquidation), building projections aligned with the RFRP

BTE Design Sprint: Meroo — **New York, NY**

Product Manager — *Nov 2024*

- Led a 4-person team through a 1-week design sprint with Meroo's founder, adapting the app's experience for users at 3 career stages
- Ran 25 user interviews to identify pain points, applying design thinking to rapidly iterate toward a more engaging and inclusive UX
- Pitched product recommendations against 2 competing teams, with the founder then implementing 2 of our ideas into the product

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Uber Case Competition | Beta Alpha Psi — **New York, NY**

Strategy Consultant — *Mar 2026 - Apr 2026*

- Won 1st place of 9 teams with an AV expansion strategy for Uber, recommending a phased Atlanta launch built on Rivian's R2 fleet
- Analyzed demand, infrastructure, competitors, and the EV ecosystem on a 4-person team to identify high-utilization launch corridors
- Built a model comparing fleet structures, projecting 80% higher revenue per trip and $45M EBITDA from a 400-vehicle Rivian fleet

Business, Technology, and Entrepreneurship Leadership — **New York, NY**

President — *May 2025 - May 2026*

- Led a 9-member executive board to oversee strategy, budgeting, and outreach, enhancing event quality and communicative efficiency
- Planned and executed 20 social and professional events, engaging 20+ attendees per event, including 3 events with over 60 participants
- Sourced 17 speakers via outreach to over 150 professionals across VC, PE, and consumer, including Mike Pell, inventor of the PDF
